

STEP FOLD PODIUMS 1 & 2

Podium 2

Step Fold Podiums

These new units are another solution for working at low level.

Stepfold Podium 1

Providing platform levels of 1m & 1.2m (Working Heights, 3m & 3.2m)

Stepfold Podium 2

Providing platform levels of 1.2m & 1.45m (Working Heights, 3.2m & 3.45m)

Using a specially designed telescopic guardrail frame, the user is able to access the step platforms to gain easy access to and from the working platform.

Stabilizers are provided for extra stability.

Stepfold Podium 1 will fit through standard doorways.

This unit has a folding mechanism that allows it to fold flat, great for transportation and storage.

Anti Surf Option...

This unit is available as a mobile unit complete with 4 Castors, or with the option of 2 plates as shown to prevent "surfing"

	Stepfold Podium 1	Stepfold Podium 2
Platform Height	1m & 1.2m	1.2m & 1.45m
Safe Working Load	150Kg	150Kg
Dimensions	0.6m x 0.65m	0.6m x 0.65m

Step by step guide

SWL 150 Kgs

1. Open the unit on a firm and level base lock the folding gate section.

2. Fit a ribbed brace above the lowest collar as shown.

3. Fit the small platforms on rung 1 & 2 to form the steps up to the platform.

4. Fit the working platform on the 4th rung.

5. Fit a ribbed brace on the platform below the platform.

6. Fit stabilizers, left & right.

7. Ascend to the platform using the step platforms and ribbed brace.

8. Once the platform is accessed, close the gate behind you; ensure that the clips are engaged.

9. To extend the unit. Whilst standing on the platform, extend the top frames & Fit 2 horizontal braces.

10. Fit 2 guardrail braces front and back by swinging them into place

11. When descending from the platform, use the step platforms and face the knuckled frame.

12. Fit the non slip ribbed brace to the 2nd rung above the step platform. (Hooks facing outwards)
The Stepfold Podium 1 would include 1 of these braces in this position

13. Access the platform using the step platforms and non slip ribbed rung.

14. Once the platform is accessed, close the gate & swing the horizontal brace back onto its previous position and begin work.

- Always work on the podium with the knuckled gate facing the work area.
- When leaving the podium, always descend, facing the knuckled gate.
